

We need volunteers for the 2018-2019 school year!

We have a few committees in need of chairs for the next school year. Please find the committee descriptions below and contact either Susan Lorenc (susan_lorenc@hotmail.com) or Jenn DiCosola (jennbala@hotmail.com) to express your interest.

For additional information on these open committees, please check out:
<http://whittierschoolpta.org/volunteering/committees/>

Thank you for your consideration!

Chess:

Looking for a PTA member to act as the liaison between the school and Chess Scholars for session scheduling and information. One PTA parent volunteer must also be present each week during chess in order to assist with attendance and overall supervision.

Estimated Time Commitment: 1 hour per week after school

Math and Science:

The chairs for these family fun nights at school plan the activities for each session (such as science experiments and math challenges), secure volunteers to ensure the night runs smoothly, write up directions for each activity, and purchase supplies. They also send out invites to the Whittier families. Typically, there is one math and one science night per year, and such a fun night for families to attend!

Estimated Time Commitment: A few hours (early planning) / Significant (the week of the event)

Spring Fundraiser:

Members of the Spring Fundraiser committee set the time and place of the event and secure said time and place early in the school year. From there, volunteers plan and prepare logistics of the event, distribute communications regarding the event, solicit donations, and coordinate with the experience committee. You will also need to organize volunteers to set up, run and clean up after the actual event.

Estimated Time Commitment: Moderate based on the details of the event.

Young Rembrandts:

Young Rembrandts is an original, step by step method to teach children drawing, the fundamental skill of visual arts. Children who learn to draw using the Young Rembrandts method develop spatial reasoning and fine motor skills, ordering and sequencing ability, visualization and fundamental art skills. The volunteer will assist the Young Rembrandts teacher and will track attendance of the student attendees. In return, the volunteer will get a discount on the enrollment fee for their child!

Estimated Time Commitment: 1 hour per week after school
